

Checklist for Students Enrolling in CSC 895/898

Students wishing to enroll in CSC 895/898 should bring this form along with a current Unofficial Transcript to their supervising faculty member for permission to obtain an ADD Sticker. After the signature has been obtained the form and the transcript should be turned in to the Computer Science department office.

The form and transcript will be put with the student's graduate folder and given to a graduate adviser. The graduate adviser will verify that the conditions listed below have been met. Once the graduate adviser signs off with **all** conditions in a PASS state, the student will be emailed the ADD Sticker information so they may enroll in the class.
