

RECRUITMENT FLYER

POSITION: High Performance Computing / Information Technology Specialist

CLOSING DATE: 15 May 2008 (priority screening will begin 30 Apr 2008)

LOCATION: Information Technology & Communication Services Department, Naval Postgraduate School, Monterey, CA 93943-5000

ABOUT US: Information Technology & Communication Services (ITACS) is central to the mission of the Naval Postgraduate School in every dimension: research, education, and service to the Navy and the Department of Defense. Whether in the areas of academic applications and service, administrative systems, or network infrastructure, the university community depends upon ITACS to provide an environment that energizes learning and the technology that supports a culture of innovation for our faculty and students.

ABOUT THE POSITION: We are seeking an independent and self motivated IT and HPC specialist who works well in a team environment. The successful candidate will help design, deploy, and manage our Linux clusters and servers and integrate them into our existing heterogeneous computing environment that includes several flavors of Linux, Mac OSX, and other versions of Unix. They will also test, evaluate and implement emerging technologies required to maintain cluster utility, security, and stability. They must have proven system administration and problem solving skills, and be open and receptive to new ideas.

Applicants must be U.S. Citizens

APPLICANTS SHOULD ADDRESS THE FOLLOWING IN THEIR APPLICATION MATERIAL:

Qualifications: Bachelors degree or higher in computer science, electrical engineering or a related field with at least 3-5 years of experience working in an IT environment. Experience working with installations of Linux/Unix servers and clusters is highly desirable. Experience in evaluating future technologies and providing recommendations for upgrades and installations. Proven experience providing technical support and documentation for all clients and users. Demonstrable skills in problem solving, critical thinking, and written and oral communication. Demonstrated ability to interact with others on a collaborative team toward a shared project goal. Ability to work well with a diverse group in a professional and respectful work environment. Veteran's preference will be given.

APPLICANTS SHOULD SEND A COVER LETTER EXPRESSING THEIR INTEREST IN THE POSITION, ALONG WITH THEIR RESUME, TO:

**Elisabeth Ramirez-Fagan
555 Dyer Road, Room 130
Ingersoll Hall, Bldg 330
Monterey, CA 93943-5000
ITAdminOff@nps.edu
Fax: (831) 656-2611**

All Resumes should be received by 15 May 2008 in order to be considered (priority screening will begin on 30 Apr).

The Naval Postgraduate School, Monterey, CA is an Equal Opportunity Employer.
